24. Could you explain us your grading system in full?	<p>Undergraduate: grading system at USP ranges from 0,0 (zero) to 10,0 (ten), where zero is the lowest grade and ten is the highest one. To pass a course, the student must fulfill two conditions: minimum score of 5,0 (five) and minimum attendance of 70%. The score represents an average of all work developed by the student. If the final student score is below 2,99, he/she has failed the course. If the final student score is between 3,0 and 4,99, he/she will have a chance for re-evaluation: he/she still has a chance to pass. This is called REAVALIAÇÃO (Revaluation). Each Professor has his/her own criteria for exams and work to be developed by the student. That information is detailed by professors in the first class of the course.</p> <p>Graduate: grading system is based on four grades: A, B, C and R, where A, B and C are passing grades, and R is a failing grade. Minimum attendance required is of 75%.</p> <p>USP Credit System: USP academic credit system is based on Class Credit, and Work Credit. One class-credit is equal to 15 hours of class work, or class contact hours, and one work credit is equal to 30 hours of work outside the class.</p> <p>ECTS AND USP CREDITS SYSTEM: We suggest one USP Credit is equivalent to 2.0 ECTS, but it is the home institution that will determine the final equivalence.</p>
