24. Could you explain us your	University of Tirana uses ECTS for transfer and accumulation. The ECTS
grading system in full?	credit is a notional, averaged unit of 25 hours of student workload for
	passing a course (contact hours, any form of individual study). Each degree
	curriculum has 60 ECTS per year. Each department individually establishes
	the number of course credits based on its weight regarding the standard
	workload students need in order to achieve the expected learning results.
	Credits are awarded only if the student fulfils all the requirements
	necessary for passing.
	GRADES: The Albanian grading scale runs from 1 to 10 and the marks have
	the following meanings: 1-4 fail, 5-6 sufficient, 7 satisfactory, 8 good, 9 very
	good, 10 excellent.

\*PLEASE NOTE: Our academic calendar consists in a 1st semester (fall semester) starting on October (es. October 2024) and in a 2nd semester (Spring semester) starting on the middle of February (es. February 2025). For this reason, our Call AY 24/25 will unavoidably concern selection of outgoing students according to this calendar: this means that **just** for those Universities with the AY that starts with a spring semester (es. Spring 2024 + Fall 2025) we will necessarily have to consider the Fall 2024 and the Spring 2025 dates and related deadlines.
